

STORY SIX

SISTERS

With those in your family, here are five ideas to engage with the story:

1. Have a family discussion about which character you are most like. Are you more like Mary or Martha? Why?

2. Mary sits with Jesus and spends time with him. Now we haven't got the physical Jesus coming over to stay at our house, but what can you do today to spend time with Jesus?

Maybe an adult can share what they have done to be with Jesus at different times of their lives.

3. Think through your daily routine as a family. Is there a way to remember this story everyday and to spend a moment with Jesus.

It could be by creating a mini sign for the fridge or a picture to put up by your bed.

4. As a family, can you have a go at turning this story into a song or a poem?

5. Go for a prayer walk as a family. As you see different things, remember Mary by the feet of Jesus, and say a prayer. For example, if you walk past a friend's house, pray for that friend or if you walk past a church pray for that congregation.

Remember that as Mary spent time with Jesus, we can do it in the everyday.
